what many refer to as the Knowledge Age, access to advanced information has become more important, to societies long after nations and borders

As the world becomes more interconnected, the need for information is growing. This is why we are here today, to share our knowledge and experiences with you.

Information is the key to success in the 21st century. It is the foundation of our society and the driving force behind our progress.

Let us work together to create a better future for ourselves and for the world.

Thank you for your attention and participation.

Our goal is to provide you with the best quality of education and research. We are committed to excellence and innovation in all that we do.

Let us continue to push the boundaries of knowledge and discovery together.

We look forward to your feedback and suggestions.

Thank you once again for your support and contribution.

Our Vision

At the University of Toronto, the challenges of the 21st century will be framed by a new

The Commission on the Future of the University of Toronto

...the future of the University of Toronto will be framed by a new

Our Core Values

At the heart of our business is a commitment to excellence, integrity, and innovation. We strive to create a positive impact on our communities and the world around us.

Integrity

We believe in doing the right thing, even when it's difficult. Our actions are guided by a strong sense of ethics and a commitment to transparency.

Excellence

We are committed to providing the highest quality products and services. We continuously seek to improve ourselves and our processes to ensure we meet the needs of our customers.

Innovation

We embrace change and encourage our employees to think creatively. We are constantly exploring new ways to solve problems and improve our business.

Community

We are committed to making a positive impact on the communities we serve. We support local initiatives and strive to be a responsible corporate citizen.

Teamwork

We believe in the power of a diverse and collaborative team. We encourage our employees to work together and support each other in achieving our goals.

Customer Focus

We are committed to understanding our customers' needs and providing them with the best possible experience. We listen to their feedback and strive to exceed their expectations.

Sustainability

We are committed to protecting the environment and promoting social responsibility. We strive to reduce our carbon footprint and support sustainable practices throughout our organization.

Our Guiding Assumptions

1. **Collaboration** - We believe that the most effective way to create a culture of innovation is through collaboration. We encourage our employees to work together, share ideas, and support each other in their efforts to improve our organization.

2. **Customer Focus** - We believe that our customers are the center of our business. We strive to understand their needs and provide them with the highest quality products and services. We listen to our customers and act on their feedback.

3. **Continuous Improvement** - We believe that there is always room for improvement. We encourage our employees to identify areas for improvement and take action to address them. We embrace change and innovation as a means of achieving our goals.

4. **Transparency** - We believe that transparency is essential for building trust and accountability. We communicate openly and honestly with our employees, customers, and stakeholders. We share our vision, mission, and values, and we hold ourselves accountable to them.

5. **Empowerment** - We believe that our employees are the most valuable asset of our organization. We empower our employees to take ownership of their work and make decisions that affect their teams. We provide them with the resources and support they need to succeed.

6. **Learning and Development** - We believe that continuous learning and development are essential for staying competitive in a rapidly changing world. We encourage our employees to pursue professional development opportunities and to share their knowledge with others. We invest in training and development programs to help our employees grow and advance.

7. **Integrity** - We believe that integrity is the foundation of a successful organization. We operate with honesty, fairness, and respect for all individuals. We hold ourselves and others accountable to the same high standards of ethical behavior.

• We will create a timed technology plan that maintains and enhances the University's current capabilities, and address instructional and administrative needs, and support instructional and administrative needs.

Staff Effort

• The benefits package and opportunities for professional development

Such roles:

- Create a Strategic Fund for investment in new and enhanced programs and services
- Improve overall financial efficiency by controlling the largest cost
